? Free from preservatives and colorants

? Natural product

? Made in Bulgaria

Handmade glycerin soaps with an elegant scent of rose oil. Gently washes, hydrates and softens the skin without drying it out.

The handmade glycerin soaps contain natural Rose Oil, produced in Bulgaria - one of the highest quality essential oils in the world. It is used in aromatherapy to bring harmony, balance and beauty. The main action of the oil is rejuvenating, as it triggers healing and regenerating processes in the skin.

The vegetable glycerin in the soap has a mild antiseptic effect. Hydrates, soothes and softens the skin in depth. Increases its elasticity and makes it smooth to the touch. Protects the top layer of the skin from external influences. This is extremely important as this layer is a natural barrier against pollutants and disease-causing organisms.

Natural soft foaming agents are used to gently cleanse the skin without drying it out. Scented soaps are suitable for even the most sensitive skin.

Using natural soaps will make the skin soft to the touch and remove the pollutants from it.

Suitable for people with sensitive skin and skin prone to irritation.

Do not cause allergies and skin irritations. After use they leave a pleasant rose scent.

Ingredients: GLYCERIN, COCO-GLUCOSIDE, SORBITOL, PROPYLENE GLYCOL, STAERIC ACID, COCO-BETAINE, AQUA, SODIUM HYDROXIDE, ROSA DAMASCENA FLOWER EXTRACT-ROSE OIL, TITANIUM DIOXIDE, CL 45100-CITRONELLOL, GERANIOL.
