Description

RELAXING BODY & BATH MASSAGE OIL with lavender oil

100% natural product, without artificial flavors and preservatives.

Contains pure natural oils of sweet almond, jojoba, sesame, wheat germ, as well as essential oils of lavender (Lavandula Vera), geranium and orange.

Body Care: Lavender Massage oil

The relaxing Lavender aromatic body oil makes the skin soft and supple, and the lavender oil it contains has a soothing effect on physical and mental overwork and stress.

It acts antidepressant by removing the feeling of anxiety. It is a good antiseptic for various inflammations, redness, burns (including sunburn), insect bites. In combination with geranium oil, its effect as an antidepressant is enhanced.

Application:

Relaxing Lavender Aromatic Body Oil can be applied directly to the skin during bathing and left to sit for 3-5 minutes to allow the essential oils to penetrate the skin and exert their effects, then the body is washed with a warm shower.

Put 10 ml. (about 1 tbsp) in the bath. It penetrates the skin, makes it smoother. For drier and more sensitive skin, the oil could be applied directly to the body with light massage movements immediately after showering while the pores are still dilated to allow the essential oils to penetrate the skin.

Use after bathing instead of moisturizing lotion. It has a softening and moisturizing effect. Does not grease the skin.

Relaxing Lavender Fragrance Body Oil can be used as an oil cleansing and nourishing face bath.

Lemon balm oil gives a feeling of freshness and lifts the spirit.

Safety precautions: before use, do an essential oil tolerance test on the back of the hand! Not to be used by pregnant women!
