### Description

**50 ml - £9.95**

**100 ml - £14.95**

**100% Certified Organic Carrier oil.**

This fine oil comes from the pressed nuts of the Macadamia tree. It is a priceless delight for the skin and has proven itself to be one of the best regenerative oils available.

It is high in monounsaturated fatty acids, and closely resembles sebum (the oil naturally produced by one's skin to help protect it). Macadamia

oil is a fabulous, protective oil with a high absorption rate and has been successfully used as a healing oil for scars, sunburns, minor wounds, and other irritations. Nourishes and soothes dry, irritated, chapped skin, and provides some sunscreen protection. Encourages nail growth and softens cuticles. Rich in Vitamin A.

**More information**

**Botanical Name:** *Macadamia ternifolia*.

**Plant Family:** Proteaceae.

**Source:** Macadamia nut.

**Aroma:** Sweet, Fatty and Nutty - more fragrant than Sweet Almond Oil and other nut oils.

**Colour:** Golden color.

**Country of origin:** Australia, Eastern Africa.

**Method of extraction:** Pressed/Unrefined

**Properties:** Macadamia Nut Oil is good for dry/wrinkled skin (anti-aging). Emollient; Contains palmitoleic acid, also found in sebum, good for treating both dry and oily skin. It also contains oleic, palmitic, stearic and linoleic acids.

Macadamia Nut oil is also a natural anti-inflammatory (perhaps due to its oleic acid content).

**Advantages:** Stable; Fine texture.

**Disadvantages:** None.

**Important Note:**

Any reference to a disease or condition name does not indicate treatment for this disease or condition. Carrier oils are without therapeutic indications. The information provided is for educational purposes only.
