Description

Night face cream with rose oil and snail extract

An intensive night cream that promotes cell renewal and rejuvenation and strengthens connective tissue thanks to the unique natural complex of natural rose oil produced in Bulgaria, rose absolute and 100% snail extract.

Using the incredibly good combination of pure rose oil produced in Bulgaria, rose absolute and snail extract, which are very good antioxidants.

It has a powerful anti-aging and regenerating effect due to the numerous proteins, vitamins, enzymes, macro- and microelements contained in it.

Rose oil and Rose absolute are natural products obtained from the fresh flowers of the Rosa damascena Mill. Their composition includes more than 300 micro- and macro-components that determine their biologically active action.

They have a toning, softening, moisturizing, soothing and antiseptic effect. Rose oil helps to renew cell membranes and regenerate the skin.

It works well on all skin types and is especially beneficial for drier and sensitive skin. Helps remove redness and inflammation of the skin, protects it from external influences. Rose oil is a proven hypoallergen.

The extract (snail mucus) contains many natural proteins, amino acids and vitamins such as A, E and minerals. These ingredients accelerate the skin's ability to regenerate, help exfoliate dead skin cells, stimulate the improvement of skin texture and structure. It creates a protective layer on the skin, keeping moisture in.

Suitable for normal to dry skin.

For best results, use in combination with Rosa Damascena Active Rejuvenating Day Cream, Face Serum and Rosa Damascena Cleansing Lotion.

Usege: Apply with gentle massage movements in the evening/morning on the well-cleansed face, neck and décolleté.

Rosa Damascena Active Rejuvenating Night Cream does not contain parabens, dyes and synthetic fragrances.
