Description

An exciting combination of natural sugar crystals, natural plant oils and soft foam with the scent of bulgarian oil-yielding rose.

A concentrate of yoghurt and rose concrete made of rosa damascena regenerate and moisturize your skin. Apricot, almond and grape seed oils nourish and soften deeply. Sugar crystals gently remove the dead cells from the skin surface stimulating its breathing.

Ingredients:

Almond oil - The lipid composition of almond oil is closest to human. It absorbs quickly, soothes, softens and smoothes the skin. It does not irritate and does not cause allergic reactions.

Apricot kernel oil (Prunus armeniaca) - Light, fine oil with a pale yellowish color. It is rich in unsaturated fatty acids - linoleic, linolenic and oleic, as well as vitamins E, A, D and F. Apricot kernel oil is suitable for all skin types, but has a particularly good effect on aging, sensitive, dry and inflamed skin.

Grape seed oil (Vitis vinifera) - It is rich in unsaturated fatty acids and vitamins E and D. It is very fine, suitable for all skin types and is widely used as a massage oil. It is easily absorbed into the skin, making it smooth and without an unpleasant greasy feeling on it.

Yogurt concentrate - Moisturizes, softens and smoothes dry and problematic skin, thanks to its high content of lipids, proteins, minerals and vitamins. Inflamed and reddened skin is soothed, and dry and rough skin is smoothed. The skin becomes smooth and elastic, deeply hydrated and regains its satin softness.

ROSE Concrete - Obtained from fresh pink blossoms by extraction. It consists of over 166 components. It combines anti-inflammatory, regenerating and healing qualities. It has a softening and smoothing effect on the skin.

Use: Apply to wet skin of the body with massaging movements until the crystals dissolve, then rinse thoroughly with water.
